

# Advance Planning Introduction

With over 60% of US older adults not completing at least one advance planning document, the need to complete these legal, financial, and medical documents is critical to ensure our assets are protected and our wishes are followed. Join this class to learn more about these documents and how you can secure your future!

## You will learn about:

- Define advance planning
- Explore advance planning documents
- Discuss end-of-life wishes
- And more!
